# **VOICE PERFORMANCE**

## **Overview**

The voice performance program seeks to develop the musician by establishing a sound vocal technique and a thorough understanding of the singing voice, its literature and pedagogy. These tools are essential for the study and performance of vocal and choral literature and for training students as solo performers, professional teachers or choral conductors.

Students will build and demonstrate a healthy vocal technique, become acquainted with voice literature, and develop an understanding of the complex relationships between music and poetry. They will also learn how to sing with correct diction in English, Italian, French and German, as well as to understand both the general meaning and specific nuances of their sung texts.

As they progress in the program, students will integrate musicianship skills and use their increasing understanding of musical structure and form to communicate musically, with stylistic and textual understanding. Students will also build vocal and performance skills that equip them for the demands of solo and ensemble singing.

## Policy

Performance majors must earn a minimum grade of "B-" each semester in the primary applied music field in order to make satisfactory progress. If a grade of "C+" or lower is earned, the student must repeat the semester. All other students must earn a minimum grade of "C-" each semester in the primary applied music field. If a grade of "D" or lower is earned, a student must repeat the semester.

## **Curriculum Overview**

Every undergraduate must satisfy departmental requirements for graduation. Juries and other tests are conducted periodically for the purpose of evaluating progress; details may be obtained from the Voice Department.

Instruction for voice performance majors entails private lessons, recitals, diction, voice literature, performance/opera classes and voice pedagogy. Weekly studio and performance classes offer regular performing opportunities. Two fully-staged operas, one with orchestra, are presented each year, along with an additional undergraduate-only opera offering. Private vocal coaching is available for upperclassmen and graduate students.

The curriculum has been revised for the class entering in the fall of 2023. Current students may continue to follow their original curriculum or adopt the new curriculum.

## **Degree Offered**

#### Notes

- <sup>1</sup> Attendance at weekly studio classes is required during all semesters of applied study.
- <sup>2</sup> MH 433 can be repeated for credit as long as the topics are different.
- <sup>3</sup> Level 2 theory classes can be taken as a level 1 theory. Level 1 classes cannot be used for level 2.
- <sup>4</sup> Students must complete six semesters of foreign language study. Students must complete Italian I and II. They must complete additional semesters of either French or German. Semesters five and six may be of a third language (French or German) or additional semesters of Italian, French or German. If students are exempted from one or more semesters of foreign language study, they must replace the missing course credits with other Arts and Sciences electives.
- <sup>5</sup> A half recital VC 001R must be presented in the junior year. A full recital VC 002R must be presented in the senior year.

## **Courses and Descriptions**

### CR 109 Chapel Choir 1 Credits

3

3

2

3

Theory Level II elective

Comprised of undergraduate students in their first year of study, Chapel Choir focuses on music for men's, women's, and mixed chorus. The ensemble provides the fundamentals of artistic choral ensemble singing and a foundation for all Westminster choral ensembles. Placement hearing required.

#### CR 209 Schola Cantorum 1 Credits

Comprised of undergraduate students in their second year of study, Schola Cantorum focuses on music for mixed chorus and continues to build and refine the skills developed in Chapel Choir. This ensemble presents campus, community, and regional performances. Placement hearing required.

#### CR 215 Fundamentals of Conducting 3 Credits

This course provides the foundation of conducting technique and philosophy as it relates to choral ensemble. Primarily, it deals with the development of basic pedagogical proficiencies, specifically alignment, Laban gestural vocabulary, breathing, beat patterns, consistent tempo, and the development of expressive gesture for relaying various styles of music, i.e., legato, staccato and marcato. Basic philosophical understandings concerning the human aspects of the music making process and the role the conductor plays in that process also are emphasized. Specific techniques for dealing with technical elements, e.g., fermata, dynamics, changes of tempo, contrasts in style, also are covered. The overall focus of the course is to establish the important relationship between ear, body, and the choral sound. **Prerequisite**(s): TH 141.

#### CR 509 Symphonic Choir 1 Credits

A large mixed chorus comprised of students above the lower division, including graduate students from all disciplines. The ensemble regularly performs in the region and focuses on the major choral/orchestral repertoire along with a wide variety of repertoire for large mixed chorus. Placement hearing required.

#### FRE 100 French I 3 Credits

Conversational French is taught through basic vocabulary and grammar building. Students will enjoy an immersion-style method emphasizing real-life situations and vocabulary in authentic cultural context, through an interactive textbook, videos, on-line resources, and oral/aural skill building using the technology in the Foreign Language Media Center to enhance learning. This course counts towards the fulfillment of the Essential Competencies element of the CLAS general education curriculum.

Prerequisite(s): Placement test if French has been studied elsewhere.

#### FRE 101 French II 3 Credits

Building on learning in French I, students will begin to converse using more complicated grammatical structures within immersion-style classroom interactions. While the focus is still on conversation and aural skill building, composition skills receive greater emphasis. Students will enjoy an interactive textbook, Internet usage, and authentic videos shot on location in France. This course counts towards the fulfillment of the Essential Competencies element of the CLAS general education curriculum.

Prerequisite(s): FRE 100 or placement test.

#### FRE 200 French III 3 Credits

This course builds on linguistic skills previously acquired through an emphasis on conversation and oral comprehension, and through vocabulary building. Grammar study is continued at a more advanced level, and students begin to read short passages focusing mainly on francophone culture and civilization. Film clips, Internet resources, and other computer-aided learning tools are used to create a dynamic immersion-style learning experience. This course counts towards the fulfillment of the Essential Competencies element of the CLAS general education curriculum.

Prerequisite(s): FRE 101 or placement test.

#### FRE 201 French IV 3 Credits

While continuing the emphasis on aural/oral production and grammar and vocabulary building, short passages of greater complexity taken from literary texts, newspapers, and magazines will become the focus of conversation/composition activities. Technological resources will continue to enhance the immersion-style learning experience consistent with a course in advanced French. Successful completion of this course, or its equivalent, serves as a prerequisite for French courses at the 300 and 400 level. This course counts towards the fulfillment of the Essential Competencies element of the CLAS general education curriculum. **Prerequisite**(s): FRE 200 or placement test.

#### GER 100 German I 3 Credits

An introduction to German stressing the spoken language and the fundamentals of grammar. Students are required to work extensively with audio CDs. This course counts towards the fulfillment of the Essential Competencies element of the CAS general education curriculum. **Prerequisite**(s): placement test if German has been studied elsewhere.

#### GER 101 German II 3 Credits

A continuation of German 100. Communication skills are broadened, fundamental grammar is studied in more depth, and basic vocabulary is expanded. Students are required to work extensively with audio files. This course counts towards the fulfillment of the Essential Competencies element of the CAS general education curriculum.

Prerequisite(s): GER 100 with a minimum grade of D or placement test.

#### GER 200 German III 3 Credits

Intensive review of German grammar and syntax with a systematic approach to oral expression and composition. Readings on contemporary German life and selections from modern literature. This course counts towards the fulfillment of the Essential Competencies element of the CLAS general education curriculum.

Prerequisite(s): GER 101 or placement test.

#### GER 201 German IV 3 Credits

Continuation of grammar review and readings. Special emphasis on oral expression and composition of increasing sophistication, proceeding from concrete observations to theoretical and abstract discussion. This course counts towards the fulfillment of the Essential Competencies element of the CLAS general education curriculum. **Prerequisite**(s): GER 200 or placement test.

#### ITA 100 Italian I 3 Credits

The language program objectives of our department are based on the premise that students must be able to demonstrate increased proficiency in interpersonal, interpretive and presentational communication skills as well as growth in cultural, literary and interdisciplinary knowledge as they move through a sequence of study. This course is the first part of the first year experience in Italian during which the development of communicative and cultural competencies are at the center of this experience. At the end of the course, successful students will be able to communicate short messages on highly predictable, everyday topics that affect them directly. They will also develop a sense of the cultural aspects of people who speak the target language. Cultural components include the importance or regions in the construction of Italian identity; differences in American and Italian school and university systems; the role of the family in Italian life. The course is conducted in Italian. This course fulfills LAS Core Curriculum Requirement I. Essential Competencies: Foreign Language.

#### ITA 101 Italian II 3 Credits

The language program objectives of our department are based on the premise that students must be able to demonstrate increased proficiency in interpersonal, interpretive and presentational communication skills as well as growth in cultural, literary and interdisciplinary knowledge as they move through a sequence of study. This course is the second part of the first year experience in Italian during which the development of communicative and cultural competencies are at the center of this experience. At the end of the course, successful students will be able to handle successfully a variety of uncomplicated communicative tasks in straightforward social situations. They will also develop a sense of the cultural aspects of people who speak the target language. Cultural components include differences between American and Italian cuisines, sports, routines, and healthcare systems. The course is conducted in Italian.

Prerequisite(s): ITA 100 or LL 145 or Placement Test.

#### ITA 200 Italian III 3 Credits

The language program objectives of our department are based on the premise that students must be able to demonstrate increased proficiency in interpersonal, interpretive and presentational communication skills as well as growth in cultural, literary and interdisciplinary knowledge as they move through a sequence of study. This course is the third part of the four-semester sequence in Italian. At the end of ITA 200, successful students achieve proficiency in Italian at the intermediate level in oral expression, listening comprehension, reading of short texts, and writing. Students will be able to successfully navigate conversational and written Italian in cultural contexts related to course themes: personal relationships, Italian communities, hobbies and free time activities, the value of social and political ideas, the Italian family across the generations. The course is conducted in Italian. This course fulfills LAS Core Curriculum Requirement I. Essential Competencies: Foreign Language.

Prerequisite(s): ITA 200 or LL 247 or placement test.

#### ITA 201 Italian IV 3 Credits

The language program objectives of our department are based on the premise that students must be able to demonstrate increased proficiency in interpersonal, interpretive and presentational communication skills as well as growth in cultural, literary and interdisciplinary knowledge as they move through a sequence of study. This course is the fourth and final part of the four-semester sequence in Italian. At the end of ITA 201, successful students achieve proficiency in Italian at the intermediate level in oral expression, listening comprehension, reading of short texts, and writing. Students will be able to successfully navigate conversational and written Italian in cultural contexts related to course themes: societal changes in Italian culture, science and technology, Italian contributions to the arts, media, and the culture of business in Italy. The course is conducted in Italian.

**Prerequisite**(s): ITA 200 with a minimum grade of D or LL 247 with a minimum grade of D. This course fulfills LAS Core Curriculum Requirement I. Essential Competencies: Foreign Language.

#### MH 247 Music Historiography I 3 Credits
