SOCIAL/PHYSICAL SCIENCE (SP)

SP 171 Western Civ I 3 Credits
This survey history course presents a cohesive picture of the
development of Western societies from prehistoric times to the early
Renaissance. Social, political and economic aspects are covered;
intellectual and cultural developments are emphasized. Familiarity with
primary sources and critical reading are integral to the course.

SP 172 Western Civ II 3 Credits
Continuation of SP 171. This survey history course covers developments
in Western societies from the Renaissance to the present. Major
intellectual and cultural trends and movements are presented, along with
historical progress and socio-economic expansion.

SP 273 Developmental Psychology 3 Credits
The physical and psychological growth of the individual from infancy
through adolescence is studied, with emphasis on cognitive, emotional,
and social processes.
Prerequisite(s): SP 175.

SP 274 Educational Psychology 3 Credits
The psychological foundations of education, based on the findings of
experimental research in learning, transfer, motivation, reinforcement, and
behavioral modification.
Prerequisite(s): PSY 100.

SP 286 Life in Middle Ages 3 Credits
A seminar in which the life styles of medieval Europeans are studied.
Students will develop an understanding of particular social organizations
and problems of the period by examining the conditions and events of
everyday medieval life. Offered in rotation with other History courses.

SP 408 Voice Science 3 Credits
Study of the physics and physiology of voice production. Musical and
vocal acoustics are explored using the facilities of the Westminster Voice
Laboratory. Anatomic and physiologic underpinnings of respiration,
phonation, articulation, registration and hearing are explored in depth.
Corequisite(s): CR 509.
