

VOICE PERFORMANCE

Program Overview

The voice performance program seeks to develop the musician by establishing a sound vocal technique and a thorough understanding of the singing voice, its literature and pedagogy. These tools are essential for the study and performance of vocal and choral literature and for training students as solo performers, professional teachers or choral conductors.

Students will build and demonstrate a healthy vocal technique, become acquainted with voice literature, and develop an understanding of the complex relationships between music and poetry. They will also learn how to sing with correct diction in English, Italian, French and German, as well as to understand both the general meaning and specific nuances of their sung texts.

As they progress in the program, students will integrate musicianship skills and use their increasing understanding of musical structure and form to communicate musically, with stylistic and textual understanding. Students will also build vocal and performance skills that equip them for the demands of solo and ensemble singing.

Policy

Performance majors must earn a minimum grade of “B-” each semester in the primary applied music field in order to make satisfactory progress. If a grade of “C+” or lower is earned, the student must repeat the semester. All other students must earn a minimum grade of “C-” each semester in the primary applied music field. If a grade of “D” or lower is earned, a student must repeat the semester.

Curriculum Overview

Every undergraduate must satisfy departmental requirements for graduation. Juries and other tests are conducted periodically for the purpose of evaluating progress; details may be obtained from the Voice Department.

Instruction for voice performance majors entails private lessons, recitals, diction, voice literature, performance/opera classes and voice pedagogy. Weekly studio and performance classes offer regular performing opportunities. Two fully-staged operas, one with orchestra, are presented each year, along with an additional undergraduate-only opera offering. Private vocal coaching is available for upperclassmen and graduate students.

The curriculum has been revised for the class entering in the fall of 2023. Current students may continue to follow their original curriculum or adopt the new curriculum.
